

North Coast Beginning Teacher Program

Private School Budget Agreement

Unfortunately, the North Coast Beginning Teacher Program does not receive state funding for new **private school** teachers eligible for Induction, Education Specialists, and Career Technical Education Credential Programs. In order to provide these needed credential services to private school teachers, we have developed the following “fee for service” model. (Note: This Agreement does NOT affect Intern services since Interns in private schools are not eligible for a state intern credential.) Please review the following information then sign and return a copy of this form with your signed MOU.

District Responsibilities:

1. All responsibilities outlined in the MOU and in the District Roles & Responsibilities shall be in effect for private schools.
2. All fiscal responsibilities outlined in the MOU, shall be in effect for private schools.
3. **In addition, private schools will be billed \$1,500 per eligible participating Induction, Education Specialist, and/or Career Technical Education teacher for the 2-year program and \$1250 for Early Completion Option candidates completing in 18 months.**
4. Private schools will be required to compensate Support Providers with stipends or compensated time. The recommended rate is \$1,000-\$2,000 per new teacher but compensation will be determined and disbursed by each private school.
5. Private schools will be required to pay District Coordinator stipends or provide compensated time for work rendered for participating teachers.
6. Private schools may be required to pay for Peer Coaching and Advanced Peer Coaching for Support Providers.

NCBTP Responsibilities:

1. Services provided will include all of the services outlined in the MOU, *excluding* all references to grant funds. No funds will be transferred to private schools, as the NCBTP does not receive state funds as a result of private school new teacher participation.
2. The NCBTP will provide all other services outlined in the MOU to ensure that private school teachers are able to receive high quality professional development and their California Clear Credential.
