Your job will be to post one or more comments while reviewing the links in each assigned link sharing area, as we proceed through the workshop.

🕒 Assistive Technology

LINKS	NOTES
www.icyte.com	LINKS – to sites that will have information, materials, supplies, etc. you can use in your teaching and classroom.
1. http://www.ldonline.org/indepth/technology	LD Online -This site has great information in a simple to use format.
2. http://www.ed.sc.edu/caw/toolboxsource.html	Web Toolboxes -I love this site from the University of South Carolina. There are great links to many online locations for information, materials, etc. to help you in your job of providing quality education to all students.
3. http://atto.buffalo.edu/registered/ATBasics/Foundation/intro/index.php	Introduction to AT -This an excellent site to begin to understand the complexity of the world of "assistive technology".
4. http://www.educationworld.com/a_tech/tech/tech086.shtml	Assistive Technologies - Education World has a great newsletter you can subscribe to that will keep you up to date on the field of assistive technology.
5. http://www.abledata.com/	AbleData -AbleData does not sell, but provides information on products to help students.
6. http://www.ncrel.org/sdrs/areas/issues/methods/technlgy/te7assist.htm	Assistive Technology - This site has a great chart that will assist you when determining proposed assistive devices for specific student needs.

Email address: **merryfrogs@hotmail.com** Password: **009615** Click on Public Projects: Assistive Technology

Take some time to look at as many of the sites as you can. A good place to start is the comment section for each to see why I believed that the site provided important information.

Please leave a short comment for each of the sites that you visit. You might also take time to look at some of the comments as the other participants post them.

Technology for Your Job

LINKS	NOTES
1. http://assignaday.4teachers.org/	CALENDAR - Free, easy calendar maker for classroom and homework assignments User: webmaster@ncbtp.org Password: 009615
2. http://www.ajaxtrans.com/	TRANSLATOR – This site is an easy to use online translator that will allow you to have access to a second language for communication with parents, etc.
3. http://casanotes.4teachers.org/	COMMUNICATIONS – Casa Notes is designed to allow teachers to quickly make, and customize, typical notes that are sent home to parents or given to the students. This is done by using templates and allowing the teacher to customize some of the content, choose a color scheme and add a graphic.
4. http://www.classnotesonline.com/	TEACHER NEEDS - ClassNotesOnline allows you to create and share calendar, syllabus, assignments, gradebook, classroom notes, news, & photo gallery, useful links, etc.
5. http://www.engrade.com/	TEACHER NEEDS - Free web-based tools for educators including, assignment calendar, gradebook, progress reports, messaging, attendance book, etc.
6. http://www.flashcardexchange.com/	FLASHCARDS - Web-based tool for creating, studying, printing, and sharing flashcards. They have a onetime fee - \$19.95 to use the printing and other aspect of this site. User: webmaster@ncbtp.org Password: 009615
7. http://people.uncw.edu/ertzbergerj/ppt_games.html	GAME CREATION – Templates to make whole class participation and individual student use PowerPoint games. Have you ever wanted the expensive Concentration class game? This is a simple version.
8. http://rubistar.4teachers.org/	RUBRICS – Easy to create, or to modify rubrics for all curriculum areas. User: N Frye Password: 009615

Please start by looking at the site numbered for you. Then take some time to look at the sites that interest you.

You will need to post a comment for the links in the area that you visit.

Interactive Games on the Internet

LINKS	NOTES
1. http://nces.ed.gov/nceskids/index.asp	GRAPHS - Go to the Graphs link and see how easy it is to create and modify graphs.
2. http://artpad.art.com/artpad/painter/	ART - A great place to make a painting, print it out, or email it to others.
