

Paraprofessional Graduate Form, 2006-2007

This form is to be completed by PTTP Graduates who hold a Preliminary, Professional Clear or Education Specialist Credential

The California School Paraprofessional Teacher Training Program (PTTP) is a state-funded program of support for prospective public school teachers. Participation in the PTTP is restricted to those paraprofessionals (instructional aide, teacher aide) identified in Education Code Section 44392 who are currently employed in a school district or county office of education that has been awarded a PTTP grant. It is not an individual scholarship program. By completing this form, you will document your service after completing your PTTP.

It is important to collect information on prospective public school teachers who were trained through the PTTP or completed teacher preparation through the PTTP as we work to address the teacher shortage. The *California Information Practices Act and the Federal Privacy Act* provide that agencies requesting information indicate the principal purposes for which that information is used. Information gathered on this form will be used to determine the extent to which teachers trained through the PTTP program remain in teaching, the communities in which they completed their teacher preparation, and in where they currently teach. Additionally, this form will document the fulfillment of the certificated service requirements identified in ED 44393 (d)(2)(c).
